

Freedom H1 IP ILS X4

Enjoy complete wireless freedom in a tiny package with this four-pack kit of ultra-compact outdoor-rated RGBAW+UV LED wash lights ready to go anywhere, indoors or out. Battery-operated Freedom H1 IP ILS X4 fixtures put a versatile tool for accent lighting in the palm of your hand along with a beam angle wide enough for perfect uplighting and downlighting looks. Run up to 8 hours at full output or 20 hours with a single color after each charging session with the included multi-charger. Easily attach their magnetic base to most metal surfaces and choose the control that suits your setup with built-in D-Fi transceiver, RF receiver, and OLED digital display.
